#### SAFETY INSTRUCTION

- 1. Please read this manual carefully before using this product.
- This appliance is not intended for use by persons (including children)
  with reduced physical, sensory or mental capabilities, or lack of
  experience and knowledge, unless they have been given supervision
  or instruction concerning use of the appliance by a person
  responsible for their safety.
- 3. Children should be supervised to ensure that they do not play with the appliance.
- 4. The instructions for food processors and blenders warn against misuse.
- 5. Be careful when handling the sharp cutting blades, emptying the bowl and during cleaning.
- 6. Switch off the appliance and disconnect from supply before changing accessories or parts that move in use.
- 7. Please put it on a dry and stable platform. Do not place this product on a hot air furnace or near a hot stove or touch any hot surfaces. Carefully place the product.
- 8. Do not hang the power cord on sharp objects, connect to movable objects, touch any hot surface, or tie knots.
- 9. Do not immerse the power cord, plug or main unit in water or other liquids to prevent leakage.
- 10. If any wire, plug or product itself is found to have problems or is damaged, please do not use and return the product to a service center for inspection and repair.
- 11. Please use the provided accessories only, using other Illegal accessories may result in fire, electric shock, or injury.
- 12. Before using the product, make sure that all components are properly installed, and confirm that the voltage is consistent with the specifications of the product. Unplug the power plug from the socket when it is not in use.
- 13. The whole machine work is strictly prohibited from no-load operation and overloaded use condition.

- 14. After the product is used, it must be cleaned immediately. Be careful when cleaning and installing to avoid cutting your hand.
- 15. When the blender jar is placed on the main body, the machine is equipped with a protection mechanism. The blender jar cover cannot be removed.
- 16. Do not add hot water in the cup. Be careful of being scalded by steam!
- 17. Household use only.
